

# **CANADIAN INSTITUTE OF BEEROLOGY**

## **BACHELOR OF BEEROLOGY DEGREE PROGRAM**

### **FACULTY OF ALE AND LAGER**

**FINAL EXAMINATION - TIME WHATEVER**

**\*Applicants for the Bachelor of Beerology Program must be of legal drinking age\***

- Please note that use of study notes, calculators, and other resources is strictly encouraged.
- Frequent beer breaks throughout the duration of the exam are perfectly acceptable.
- Washroom breaks should be recorded on the top right hand corner of the first page of your examination. Candidates will receive full credit for these relief breaks and their frequency will be factored into their overall performance scores. (Much like a handicap in golf or bowling)
- Collaboration and consultation with other beer drinkers in no way compromises the integrity of your answers on this examination. This can only influence the final outcome in a positive way. It is difficult to imagine anything more rewarding than to complete this exam along with a number of beer drinking colleagues. To facilitate this process it is acceptable to copy the required number of examinations.
- Remember that answers should be at least legible enough to stand up to the intense comprehensive evaluation process.
- In order to maintain the high academic standards associated with the Canadian Institute of Beerology, candidates must attain a passing grade higher than at least one of 6%, 12%, 18% or 24%.

At the present time the Canadian Institute of Beerology is not recognized in Canada as an accredited post secondary institution nor are Tuition Fees deemed by Revenue Canada to be valid tax deductions. Dean Elmo Sudz will continue to lobby all levels of government in an attempt to correct the obviously discriminatory stance taken by the bureaucracy to stifle the professional development of Canadian beer drinkers.

Please feel free to contact Dean Elmo at [ElmoSudz@gmail.com](mailto:ElmoSudz@gmail.com) about the Canadian Institute of Beerology, the Bachelor of Beerology program or the Canadian Beer Drinkers' Alliance. As you begin writing the examination, may your creative juices flow as freely as your beer. First and foremost, remember, you are a beer drinker and beer drinkers are capable of anything!

Candidates should attempt to answer all questions on the examination form. If necessary, additional information may be written on a separate sheet and attached to the examination booklet. Points will be awarded for correct answers as well as creativity. In multiple choice questions, circle the correct answer.

- 1) **Spell** the following words: **beer** \_\_\_\_\_, **barley** \_\_\_\_\_, **lager** \_\_\_\_\_, **ale** \_\_\_\_\_, **brew** \_\_\_\_\_, **hops** \_\_\_\_\_, **ferment** \_\_\_\_\_, **draft** \_\_\_\_\_, **keg** \_\_\_\_\_ **hotel** \_\_\_\_\_.
